REMARKABLE BOAT DEALERSHIP IN NEW ZEALAND'S SCENIC SOUTH

Located in one of New Zealand's prettiest and most renowned destinations, everything about this boat dealership sets it apart.

Firstly, the business is the sole regional dealer for a number of top name boating manufacturers including Laser Craft, Southern Boats, Yamaha and Wave Runner.

With the benefit of also having minimal local competition, the dealership has established itself at the centre of the surrounding area's thriving boating community.

In addition to sales, the business boasts a fully equipped mechanical workshop for boat servicing and maintenance. Servicing is an excellent source of high-margin revenue with the client base extending beyond the traditional leisure craft owners to local businesses such as fishing and adventure sport operators.

The showroom, workshop and yard are in the town's main industrial area, close to the water in an easily accessible position. Securing a lengthy continuation of the leasing arrangement will prove no problem.

With significant growth occurring throughout the region as more and more people try to make the most of everything the area has to offer, the business is ideally positioned for the future. Expand the product range. Take on another manufacturer. The sky's the limit.

The town in which the business is based is New Zealand's ultimate lifestyle destination. People come from across the globe to take in its postcard views or hit the nearby ski fields. Unlike them however, you'll get to call it home.

You'll only be 10 minutes to skiing and 2 hours to the coast. The picturesque lake the town is built beside is best described as breathtaking and the ample education, shopping, health and other facilities make it a fabulous location to raise a family.
