

Wholesale and retail florist supplies blooming in the Western Australia sunshine

This successful florist supplier is your opportunity to combine business and pleasure. With an expansive client base spread across most of the state the business generates an excellent income, while the location, only minutes from the Perth CBD, offers access to one of the most desirable lifestyles in Australia.

Selling a broad range of products has been a key to the business' wholesale and retail success.

Operating for almost 40 years, its wholesale client base has expanded beyond the Perth metropolitan region to include customers in the state's southwest and northeast – basically throughout Western Australia. It includes the likes of florists and gift shops, all the way through to interior decorators.

From its centrally located factory only 8kms from the CBD, the business also operates a 495 sq metre retail showroom for the general public. Clients come from throughout Perth to take advantage of its excellent range and reputation for fabulous artificial silk flowers, greenery trees and plants to name but a few.

The site boasts main-road frontage with a significant volume of traffic passing its doorstep. A long lease is available on the premises.

With a solid record of accomplishment, the business presents multiple opportunities for the new owner going forward. Some possibilities include further developing its website to broaden exposure, adding another sales representative, or branching into importation to add a new dimension to its operation.

One certainty is you'll have the chance to live in one of Australia's most popular tourist and residential locations. Positioned between the majestic Swan River and the Indian Ocean, the perfect climate will give you plenty of time to explore its fabulous beaches and parks. The city itself boasts all the modern conveniences but has a spacious laidback feel that separates it from more built up cities.
